Serbia / CET / Remote worldwide

PROFILE

Senior Product Designer with 12+ years across design and 10+ years in digital products. I work on complex B2B UX, design systems, functional prototypes, AI workflows, and implementation review. I am most useful when product logic is unclear, states are dense, or design and engineering need a shared model.

EXPERIENCE

Space Inch

Mar 2024 - Present

[Senior Product Designer | United States / Remote](#)

Lead product design across complex B2B engagements, covering product strategy, UX, prototypes, design systems, AI workflows, and development-ready delivery.

TheBrendz

Jan 2016 - Present

[Senior Product Designer | Serbia](#)

Design digital products across product strategy, UX/UI, system design, functional prototypes, and implementation-ready solutions.

Freelance

Jun 2008 - Present

[Product Designer | Independent](#)

Independent design work spanning early product thinking, user flows, visual design, prototypes, and digital delivery.

Polyrific

Mar 2023 - Mar 2024

[Product Designer | United States / Remote](#)

Designed an AI platform for organizing, analyzing, and interacting with personal data. Work covered research, flows, high-fidelity UI, prototypes, and the product design system.

KOD WORKS

Jun 2023 - Nov 2023

[Senior UI/UX Designer | Serbia](#)

Designed interfaces and flows for games, apps, and websites, including interaction maps and Lottie-based product motion.

Quantox Technology

Mar 2019 - Jun 2023

[Medior to Senior UI/UX Designer | Serbia](#)

Worked with product managers, engineers, and stakeholders on product UX, prototypes, interface design, and visual communication across client engagements.

EXPERIENCE CONTINUED

Fantastic Machines GmbH

Jan 2016 - Jan 2017

UI Designer | Serbia

Designed interfaces for web projects and contributed UI/UX improvements to the Paxxon application.

Promo Advertising

Sep 2013 - Jun 2014

Created graphic design for advertising and campaign materials.

The HEINEKEN Company

2013

Graphic Designer

Designed the Belgrade 2013 Limited Edition can.

SELECTED PROOF

WorkLight

PERSONAL PRODUCT / ACTIVE DEVELOPMENT

A local-first daily work operator with evidence-linked priorities, read-only integrations, a PostgreSQL data model, background jobs, and explicit trust states.

Space Inch

CURRENT ROLE / NDA PROTECTED

Senior product design across confidential B2B engagements, including product structure, dense operational UI, system patterns, and implementation review.

AI-connected design systems

WORKING METHOD

A documented workflow connecting Figma variables, component APIs, functional prototypes, code review, and design QA.

CORE EXPERTISE

Complex B2B and enterprise UX
Information architecture
Data-heavy interfaces
Design systems and governance

Functional prototypes
Figma-to-code workflows
Engineering collaboration and design QA
AI product flows and trust states

EDUCATION & LANGUAGES

Technical School

Computer Electrician, IT
2000 - 2004

English

Professional working proficiency

German

Limited working proficiency
